

Haiti: Our Great Friend in Need

The earthquakes that struck Haiti last week was the deadliest earthquake in this part of the World, and it is believed over 100,000 people were killed. Haiti suffered massive devastation and the human suffering is beyond description. This quake has brought about an enormous humanitarian crisis: people are sleeping in the streets alongside dead bodies, people are hearing the cries of people trapped under rubble, and there is no food or water to go around. Further collapse of damaged structures is a frightening continuous treat to the safety of tens of thousands of already suffering people.

We urge our Ethiopian brothers and sisters to give and help as much as possible to the victims of this horrendous devastation. The suffering of every single Haitian is ours as well. Let us remember how our Haitian brothers and sisters, without exception, helped our cause during the Fascist Italian aggression and occupation of our beloved country Ethiopia in 1935-41. Please, participate actively in every way you can by denoting money to charitable organizations, and by volunteering to Work in the recovery process in Haiti. Please, contact the Red Cross, the Haitian Embassy et cetera for such humanitarian purposes. Let us use our wide network of families, friends, neighbors, colleagues, and community members for such purpose. It is our duty to help our fellow human beings in time of their greatest needs, and it is also our obligation of gratitude to the kindness shown to us by Haitian in our time of great need.

Thank you All!
